

EMDR Individual Consultation Contract

The purpose of this agreement is to establish a clear understanding of the expectations of consultation. There are several different reasons a consultee seeks consultation. Which reason is of primary importance to you now?

_____ To gain knowledge regarding complex trauma, build confidence using EMDR, but not EMDRIA credential purposes

_____ To achieve the EMDRIA Certification credential

_____ Other _____

Your reason for entering consultation directs the type of consultation activities. As you develop, you may choose to change the focus of consultation. As soon as you decide to make changes in your focus, please let me know and we will discuss the change in activities or requirements at that time.

The following clarifies expectations, the general structure of consultation, what consultees can expect of me and what is expected of you when seeking to complete 10 hours of consultation for EMDR basic training, or to become EMDRIA Certified in EMDR. I am an EMDRIA Approved Consultant which means, all required consultation hours can be obtained through consultation with me.

Please visit EMDRIA at www.emdria.org for further information on these requirements

What the Consultee can expect of the Consultant

1. EMDRIA currently requires a minimum of 20 hours of consultation (at least 10 hours must be individual consultation) to apply for EMDRIA Certification. I require work samples of all 8 Phases and 3 Prongs of the standard EMDR therapy, and evidence of correcting any concerns prior to writing a recommendation letter for EMDRIA Certification. If you use more than one Approved Consultant in your journey toward EMDRIA Certification, I require a minimum of 5 hours of individual consultation prior to writing a recommendation letter for you to submit for EMDRIA Certification.
2. I encourage you to seek consultation from other consultants if they have a specialty area which fits your needs. Please notify me if additional consultants are utilized for hours towards EMDRIA Certification. The guidance provided to you will be enhanced if you grant both consultants permission to speak to each other.

3. I will document and track our time spent in consultation. I will retain documentation of our consultation together for a five year period from the date our work together concludes. I will write a letter of recommendation or written verification if you have acquired the skills and knowledge base to be Certified and demonstrate this. If the skills and knowledge have not been demonstrated, I can provide written documentation of the time spent in consultation, the skills and knowledge acquired and the areas still needing improvement. We will discuss issues as they arise especially if you are having difficulty.
4. I will keep abreast of current trends and changes happening with EMDR and trauma treatment.
5. I will provide consultees with new information and accommodate your needs as long as it stays within the scope of my knowledge. I will refer to other consultants if your needs are beyond my scope.
6. We will schedule our individual appointments as schedules permit. Suggested frequency is 2 hours per month for individual consultation.
7. I will make efforts to provide a safe and supportive learning environment. Any concerns about this, when shared with me, will be addressed with you in private.

What is expected of a Consultee

1. You are expected to come prepared to present case material, complete with notes on that case and you are expected to track your consultation hours.
2. Do not include any information that will identify the case you are presenting on materials you share with me.
3. You are expected to practice within the ethical guidelines of both your license and professional associations. EMDRIA states that if there is no professional association, then the APA's code of ethics will be the standard for all EMDRIA members. It is your responsibility to stay current on both the laws and ethics applicable to them.

For EMDRIA Certification

- Examples of your clinical work are essential to the consultation process. You will need to come prepared with a video or audio recording of, at minimum, 1 client session demonstrating your skills in EMDR phases 4 – 8. You will need to obtain the necessary release from clients. The verbatim/video/audio must include your words and interventions.
- You will need to demonstrate proficiency and fidelity to the standard EMDR therapy and also an awareness of situations in which modifications to standard EMDR therapy are necessary in order to safely and effectively treat the client. This may include reading and training outside of consultation

Consultation vs Supervision

Consultation is not supervision. Consultation focuses on mastery of standard EMDR therapy and integrating EMDR into your practice. You are responsible for the therapeutic relationship with your clients and competency in the modalities you offer. As a consultant, I do not hold liability for how you practice. If you are seeking consultation toward EMDRIA Certification, I will be evaluating your proficiency and fidelity to the standard EMDR therapy and your awareness of situations in which modifications to standard EMDR therapy are necessary in order to safely and effectively treat the client. Consultation does not substitute for foundational psychotherapy skills. Should concerns in this area become evident, I may require that these concerns be remedied prior to writing a recommendation for Certification.
